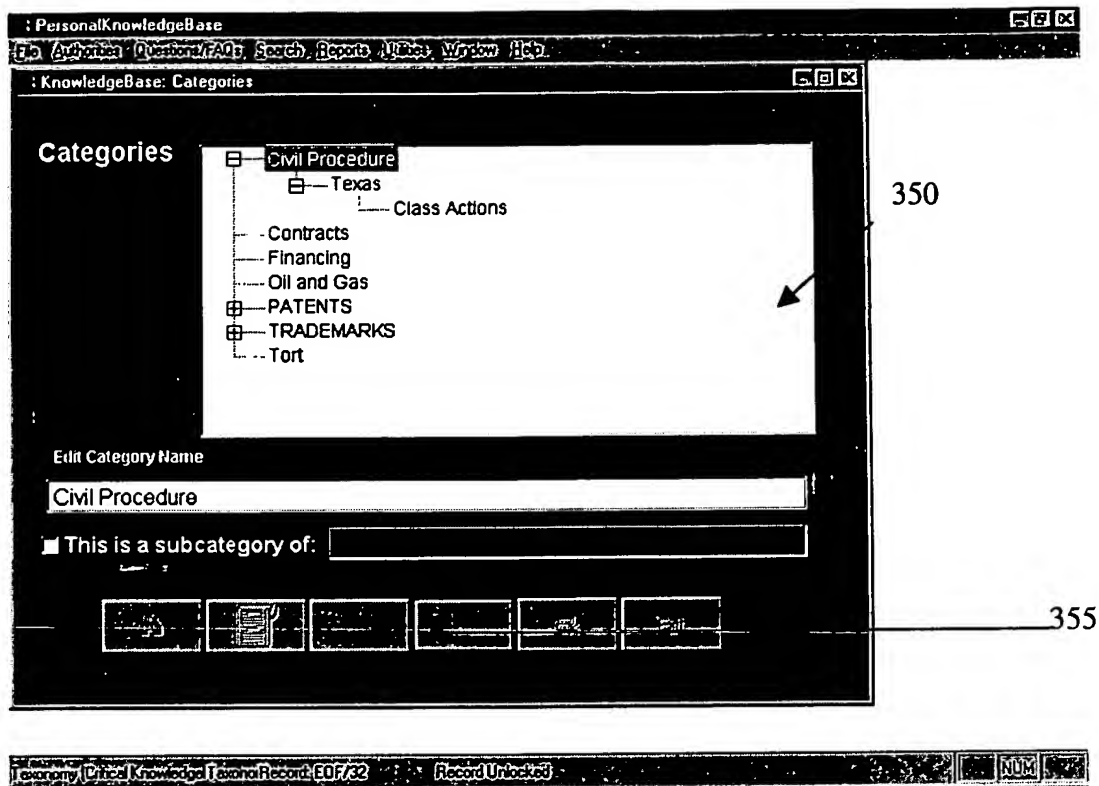

FIG. 3

The screenshot displays the 'Personal Knowledge Base' (PKB) application. At the top, a menu bar includes 'Question/Answer', 'Search', 'Reports', 'Utilities', 'Window', and 'Help'. Below the menu is a search bar with the text 'Entry By Category'. The main window is titled 'Data Entry By Case' and contains a form for entering case details. The form includes fields for 'Volume' (1), 'Reporter' (U.S. Fish and Wildlife Service), 'Page' (1), and 'Procta' (0). The 'Agent' field is set to 'U.S. Fish and Wildlife Service'. The 'Summary' field contains the text: 'The 50 CRR 402.02 requirement that an action affect both a river and recovery conflicts with the Endangered Species Act, which requires consultation where an action affects recovery.' A 'Full Text' button is visible next to the summary. The 'Court' field is set to '5th Cir.' and the 'Decided' date is '03/15/2001'. The 'Case' field is set to '00-0167'. The interface also includes a 'New' button and a 'Print' button at the bottom.
